### About Kashmir:

Jammu and Kashmir, India's one of the most picturesque state lies on the peaks of Himalayan Ranges with varying topography and culture. Kashmir is a land where myriad holiday ideas are realized. Spring, which extends roughly from March to May, is when a million blossoms carpet the ground. The weather during this time can be gloriously pleasant at 23 degree Centigrade or chilly and windy at 6 degree Centigrade. This is the season when Srinagar experiences rains, but the showers are brief. Light woollens may be required. At this time, the whole valley is a mosaic of varying shades of green – rice fields, meadows, trees, etc. Located on the banks of the river Jhelum, it is bounded by stunning lakes like Dal, Nagin and Anchar, whose dazzling waters reflecting the rays of the sun is a view to behold. Its brightly vibrant & gorgeous houseboats sailing along the charming Dal Lake beside the backdrop of the stately Himalayan snow clad mountains let the place a dream destination for every tourist. There are many places where one can visit that includes Houseboats, Shikara Ride, Mughal Gardens, Shalimar Bagh, Dal Lake, Nishat Bagh, Pari Mahal, Nagin Lake, Chashma Shahi, Hari Parbat Fort and much more. The compelling beauty of these places magnetizes the tourists to visit the places. At a little distance from Srinagar are world famous meadows of Gulmarg, Yusmarg, Sonmarg and Pahalgam.

### Post Symposium tours can be arranged on request
